Approved For Release 2005/04/22 : CIA-RDP85B00803R000100040086-6
Financing Memo for DDCI from RMB Jr.

"b. Under date of 8 August 1958 I sent forward to Gen. Goodpaster a paper setting forth revised estimates of the cost of CORONA. This paper was an outgrowth of a meeting in Dr. Killian's office which I was asked to attend which included Deputy Secretary Quarles, the Director of the Budget, and General Goodpaster. I hope you will in due time receive word from Gen. Goodpaster that the revised estimates (though perhaps regrettably large) have been noted and the approval of the Project stands. Should you have to become involved in discussion of this matter, I suggest that you read the paper I sent to Gen. Goodpaster (which I hope is self-explanatory) and have yourself briefed by Mr. Kiefer if he is in Washington or Col. Burke. They will be able to show you any supporting documentation you may wish to examine."
